Annual Index

Index to Volume 19:1993

Author Index

Abelson, Mark B. 31, 95
Abshire, Robert L. 166
Amos, Christopher F. 114
Antalis, John J. 58
Asbell, Penny A. 91, 150
Belin, Michael W. 64
Bilgin, Lale K. 50
Boswall, Guy J. 158
Brennan, Noel A. 211
Bruce, Adrian S. 211
Campbell, Robert C. 146
Carney, Leo G. 58
Cavanagh, H. Dwight 121, 153
Cohen, Elisabeth J. 41, 73, 191
Dart, John K.G. 204, 241
DePaolis, Michael 169
Donshik, Peter C. 8, 86, 103, 142, 158, 196
Dunn, Marcia J. 150
Ehlers, William H. 103, 158
Ertoprak, Yurdanur 50
Fatt, Irving 226
Freeman, Melvin I. 10
Gimbel, Howard V. 217
Goel, Ameet K. 166
Gussler, Joseph R. 222
Hart, Dean E. 169
Hutchinson, B. Thomas 198
Ichijima, Hideji 121
Imayasu, Masaki 153
Jung, Jean 47
Keith, David 108
Kremer, Israel 191
Laibson, Peter R. 41, 73, 235
Leavitt, Kent G. 41
Lembach, Richard G. 58
Lim, Edward S. 222
Litteral, Gilbert 222
Lopatynsky, Marta 41
Luistro, Angela 158
Lunsford, Mary J. 108
Machat, Jeffery J. 133
Manav, Gülten 50
Macsai, Marian S. 166
Mateo, Nancy B. 169
McCarey, Bernard E. 114
Michael, Michelle M. 166
Minassian, Darwin 204
Moriyama, Takeshi 153
Ohashi, Jun-ichi 121, 153
Oner, Adil 50
Palmisano, Philip C. 103
Pärssinen, Tahvo O. 69
Petroll, Matthew W. 121
Poggio, Eugene C. 31, 95
Porter, David A. 54
Rajpal, Rajesh K. 73
Rapp, Jerry 47
Rapuano, Christopher J. 235
Ratner, Buddy D. 169
Riley, Michael V. 186
Roth, Hans-Walter 129, 199
Ruben, Constance M. 226
Sager, Dana P. 108
Schechter, Clyde B. 150
Siegel, Irwin M. 182
Solomon, O. David 199
Stapleton, Fiona 204
Starer, Kim L. 150
Stein, Jerry M. 108
Sternitzke, Kent D. 166
Sun, Ran 217
Tan, Donald T.H. 174
Tan, Jerry T.H. 174
Taub, Larry R. 114
Torres, Miguel A. 150
Turner, Darell F. 108
Tutkun, Iknur T. 50
Van Meter, Woodford S. 222
Vaughan, Jeanette S. 54
Wall, G. Michael 166
Wang, Gina 150
Weiner, Barry 108
Weinstock, S. Joseph 133, 178
Weissman, Barry A. 226
Wilson, Graeme 186
Worrall, Martin 158
Young, Joshua A. 182
Zloty, Peter 64

Subject Index

Astigmatism
Excimer laser phototherapeutic keratectomy, 235
Surface topography of soft contact lenses for neutralizing corneal astigmatism, 114

Bifocal contact lenses
Clinical evaluation of the Anterior Constant Focus (ACF) annular bifocal CL, 222

Contact lenses (CLs)
A new method to assess CL care compliance, 108
Areal differences in oxygen supply to a cornea wearing an optically powered hydrogel CL, 226
Causative factors in unilateral giant papillary conjunctivitis, 103
Clinical evaluation of the Anterior Constant Focus (ACF) annular bifocal CL, 222
Comparison of conventional and disposable extended wear CLs, 158
Compliance in the care of disposable CLs: The effects of patients' health beliefs, 150
Complications and symptoms in disposable extended wear lenses compared with conventional soft daily wear and soft extended wear lenses, 31
Complications and symptoms with disposable daily wear CLs and conventional soft daily wear CLs, 95
Corneal topography for rigid gas permeable lens fitting after penetrating keratoplasty, 41
Corneal ulcers related to CLs, 73
Deposition of ciprofloxacin, prednisolone phosphate, and prednisolone acetate in SeeQuence disposable CLs, 166
Effect of CL wear on photorefractive keratectomy, 217
Effects of rigid gas permeable CL extended wear on rabbit cornea assesssed by LDH Activity, MDH activity, and albumin levels in tear fluid, 153
Efficacy of a one-step hydrogen peroxide system for disinfection of soft CLs, 50
Efficacy of hydrophilic CL cleaning systems in removing protein deposits, 47
Efficacy of hydrophilic CL cleaning systems in removing protein deposits, 47
Epidemiology of CL related diseases in the United Kingdom, 241
Epithelial, stromal and endothelial responses to hydrogel extended wear, 211
Micropachometric investigation of rigid CL-induced corneal dystrophies, 129
Morphological and biochemical evaluation for rigid gas permeable CL extended wear on rabbit corneal epithelium, 121
New in vitro method for assessing the potential toxicicity of soft CL care solutions, 54
Ring infiltrates associated with CL wear, 191
Risk factors with CL related suppurative keratitis, 204
Surface analysis of hydrogel CLs by ESCA, 169
Surface topography of soft CLs for neutralizing corneal astigmatism, 114
Will patients with CL problems accept excimer laser photorefractive keratectomy? 174

Contact lens care compliance
Compliance in the care of disposable CLs: The effects of patients' health beliefs, 150
New method to assess CL care compliance, 108

Contact lens complications
Comparison of conventional and disposable extended wear CLs, 158
Complications and symptoms with disposable daily wear CLs and conventional soft daily wear CLs, 95
Complications and symptoms in disposable extended wear lenses compared with conventional soft daily wear and soft extended wear lenses, 31
Epidemiology of CL related diseases in the United Kingdom, 241
Risk factors with CL related suppurative keratitis, 204
Will patients with CL problems accept excimer laser photorefractive keratectomy? 174

Contact lens deposits
Deposition of ciprofloxacin, prednisolone phosphate, and prednisolone acetate in SeeQuence disposable CLs, 166
Efficacy of hydrophilic CL cleaning systems in removing protein deposits, 47
Surface analysis of hydrogel CLs by ESCA, 169

Contact lens disinfection
Efficacy of a one-step hydrogen peroxide system for disinfection of soft CLs, 50
New method to assess CL care compliance, 108
New in vitro method for assessing the potential toxicity of soft CL care solutions, 54
Topical hydrogen peroxide and the safety of ocular tissues, 186

Corneal epithelium
Areal differences in oxygen supply to a cornea wearing an optically powered hydrogel CL, 226
Deposition of ciprofloxacin, prednisolone phosphate, and prednisolone acetate in SeeQuence disposable CLs, 166
Effect of CL wear on photorefractive keratectomy, 217
Effects of rigid gas permeable CL extended wear on rabbit cornea assesssed by LDH Activity, MDH activity, and albumin levels in tear fluid, 153
Epithelial, stromal and endothelial responses to hydrogel extended wear, 211
Morphological and biochemical evaluation for rigid gas permeable CL extended wear on rabbit corneal epithelium, 121
Topical hydrogen peroxide and the safety of ocular tissues, 186

Corneal topography
Accuracy of the PAR Corneal Topography System with spatial misalignment, 64
Comparison of the TMS-1 and the Corneal Analysis System for the evaluation of abnormal corneas, 58
Corneal contour mapping: An isomorphic approach, 182
Corneal refraction and topography in school myopia, 69
Corneal topography for rigid gas permeable lens fitting after penetrating keratoplasty, 41
Surface topography of soft CLs for neutralizing corneal astigmatism, 114

Corneal ulcers
Complications and symptoms with disposable daily wear CLs and conventional soft daily wear CLs, 95
Complications and symptoms in disposable extended wear lenses compared with conventional soft daily wear and soft extended wear lenses, 31
Corneal ulcers related to CLs, 73
Corneal ulcers and disposable extended wear lenses (editorial), 8
Risk factors with CL related suppurative keratitis, 204
Epidemiology of CL related diseases in the United Kingdom, 241

Corneal warpage
Micropachometric investigation of rigid CL-induced corneal dystrophies, 129

Disposable contact lenses
Comparison of conventional and disposable extended wear CLs, 158
Compliance in the care of disposable CLs: The Effect of Patient's Health Beliefs, 150
Complications and symptoms with disposable daily wear CLs and conventional soft daily wear CLs, 95
Complications and symptoms in disposable extended wear lenses compared with conventional soft daily wear and soft extended wear lenses, 31
Corneal ulcers and disposable extended wear lenses (editorial), 8
Deposition of ciprofloxacin, prednisolone phosphate, and prednisolone acetate in SeeQuence disposable CLs, 166

Editorials
CLs and total eye care, 196
Continuing the tradition, 142
Corneal ulcers and disposable extended wear lenses, 8
Gratitude for support, respect for independence, 86
It was the best of times, it was the worst of times, 10
Ophthalmologists: The voice of eye care, 198
Planning for uncertainty, 146
Should residents study CLs? 91

Extended wear
Complications and symptoms in disposable extended wear lenses compared with conventional soft daily wear and soft extended wear lenses, 31
Morphological and biochemical evaluation for rigid gas permeable CL extended wear on rabbit corneal epithelium, 121
Effects of rigid gas permeable CL extended wear on rabbit cornea assesssed by LDH Activity, MDH activity, and albumin levels in tear fluid, 153
Comparison of conventional and disposable extended wear CLs, 158
Corneal ulcers and disposable extended wear lenses (editorial), 8
Epithelial, stromal and endothelial responses to hydrogel extended wear, 211

Giant papillary conjunctivitis
Causative factors in unilateral giant papillary conjunctivitis, 103
Complications and symptoms in disposable extended wear lenses compared with conventional soft daily wear and soft extended wear lenses, 31
Complications and symptoms with disposable daily wear CLs and conventional soft daily wear CLs, 95

Halometry
Epithelial, stromal and endothelial responses to hydrogel extended wear, 211

Letters to the editor
Micropachometry, 199

Myopia
Corneal refraction and topography in school myopia, 69
Excimer laser keratectomy: One year results with 100 myopic ptients? 178
Excimer laser keratectomy for the correction of myopia, 133

Pachymetry
Epithelial, stromal and endothelial responses to hydrogel extended wear, 211
Micropachometric investigation of rigid CL-induced corneal dystrophies, 129
Micropachometry (letter), 199

Penetrating keratoplasty
Corneal topography for rigid gas permeable lens fitting after penetrating keratoplasty, 41
Excimer laser phototherapeutic keratectomy, 235

Photorefractive keratectomy
Effect of CL wear on photorefractive keratectomy, 217
Excimer laser keratectomy: One year results with 100 myopic ptients? 178
Excimer laser keratectomy for the correction of myopia, 133
Will patients with CL problems accept excimer laser photorefractive keratectomy? 174

Phototherapeutic keratectomy
Excimer laser phototherapeutic keratectomy, 235

Pterygium
Corneal contour mapping: An isomorphic approach, 182
Excimer laser phototherapeutic keratectomy, 235

Ring infiltrates
Ring infiltrates associated with CL wear, 191

Tears
Effects of rigid gas permeable CL extended wear on rabbit cornea assesssed by LDH Activity, MDH activity, and albumin levels in tear fluid, 153
Morphological and biochemical evaluation for rigid gas permeable CL extended wear on rabbit corneal epithelium, 121
